WHAT SPONSORS ARE SAYING

"I sponsor a lot of conferences each year and this was by far one of the best! I was able to meet a lot of different people who were great leads for us." ~2017 Sponsor

"I loved the fact that the sponsor booths were in the same room as the actual conference. That gave us all day exposure in front of our potential customers."

~2017 Sponsor

"What a fantastic marketing opportunity for our organization! Not only was it a way for us to meet one-on-one with potential clients but it was also an opportunity to publicly show our support for a great organization and network with others within the long-term care community. We are looking forward to next year's conference!"

~2017 Sponsor

WHAT IS THE CONFERENCE?

An educational conference to bring together long-term care professionals and individuals from the community to learn dynamic strategies, innovative tools and available options.

The mission of the conference is two-fold; 1) improve the delivery of care to those in long-term care settings and 2) provide resources to those searching for or struggling with long-term care.

This year we are following a record breaking six years with an attendance in 2017 of 400 attendees representing administrators, social workers, owners, professionals within the long-term care community and individuals from the general public who need help and guidance.
