

Number of Cards

The project's goal is to ensure all nursing home residents in the Greater St. Louis, Northeastern Missouri, and Illinois regions receive holiday cards. That makes it our goal to collect 40,000 cards! Based on how many cards you and your group plan to make, you can be matched with a long-term care facility or two with a similar number of residents.

How many you make is up to you!

Making vs Purchasing Cards

The cards can be either made or purchased, either way, we encourage you to put your personal touch into the cards.

Messaging Within Cards

Residents of long-term care are widely diverse and may not celebrate the same holidays as you. Please use neutral sentiments such as 'Seasons Greetings' or 'Happy Holidays.' You are free to write more about the sentiment of the project, which is to celebrate the holiday season with long-term care residents and remind them that they are not alone.

Envelopes

If your card includes an envelope, please do not seal it. If you are creating cards from scratch, they are not required to come with envelopes.

What is Project Holiday Cheer?

Project Holiday Cheer is an opportunity for individuals of all ages to positively impact the lives of long-term care residents. Getting involved is as simple as signing, creating, or delivering holiday cards. A simple act of kindness is an immeasurable value.

VOYCE is seeking support from our community members and partnering organizations to provide *40,000 greeting cards* throughout the Greater St. Louis, Northeastern Missouri, and Illinois regions. Your thoughtfulness is a great way to give back, pay it forward, and share in the spirit of the holiday season. Join Project Holiday Cheer and help ensure the act of giving is present throughout our great community.

VOYCE is accepting holiday card donations now and throughout the year. If you have questions or would like to learn more, please call our office and learn how to get involved. If you are in Illinois, reach out to Senior Services Plus to learn more.
